

## Usage Guide

SCD Odor Away™ is an all-natural, biological odor reducer containing powerful microbes and enzymes which break down organic matter to eliminate odor from its source. SCD Odor Away™ is environmentally safe, and its living benefits continue to work even after the initial application.

This product is sold as a concentrate. Use as Directed\*.

For General Industrial Use: *NOTE: before applying to light colored fabrics, test for discoloration*

	Dilution	Application
<b>Food Compost:</b>	1:500 water	Spray compost pile or windrow with dilution before and after turning
<b>Yard Compost:</b>	1:300 water	Saturate compost with dilution, DO NOT turn. Cover for best results. Apply monthly.
<b>Waste Water/ Drainage Lagoons:</b>	1:100 waste water	Spray over or pour Odor Away™ directly into lagoon. Apply weekly, monthly or as needed.
<b>Latrine/ Solid Waste:</b>	1:50 waste	Add Odor Away™ weekly, monthly or as needed. For best results, keep covered.
